The Doors Open Launch Checklist

every step of a digital launch, on one page. tick them off as you go.

Week 1: plan it

- ☐ Pick one small product you can finish in 3-5 weeks (a guide, templates, a mini course).
- ☐ Write one sentence: who it helps and what they can do after.
- ☐ Choose a simple first price, plus a short early-bird price for the first 48 hours.
- ☐ Pick two comment keywords: one for the waitlist, one for launch week.
- ☐ Pick your dates: waitlist opens, doors open, doors close (about one week later).

Week 1: set it up

- ☐ Switch Instagram to a free Professional (Creator) account.
- ☐ Make a free gift for your waitlist (a one-page checklist like this one).
- ☐ Create your waitlist page and test it with a second email.
- ☐ Turn on comment-to-DM: keyword in, waitlist link out. Test it from a second account.

Weeks 1-3: fill the waitlist

- ☐ Post 4 times a week. Teach one small piece of your topic each time.
- ☐ End every post with "Comment [KEYWORD] and I'll send you the waitlist".
- ☐ Stories every day: a poll, a question box, a reminder to comment.
- ☐ Give your product to a few beta people. Collect real quotes (with permission).

Before doors open

- ☐ Upload your product and write your sales page: problem, promise, what's inside, proof, price, FAQ, refund policy.
- ☐ Make a test purchase. Did the product arrive?
- ☐ Write and schedule your launch emails: early access, doors open, proof, FAQ, early-bird ending, last call (twice on the last day), doors closed.

Launch week

- ☐ Waitlist gets early access first. Then open to everyone.
- ☐ Post and reply to every DM, every day.
- ☐ Last day: last-call post, Stories countdown, two emails. It is often the biggest day.
- ☐ At closing time: hide the product, switch your DM back to the waitlist.

After

- ☐ Look at your numbers. Write 3 things to repeat and 3 to change.
- ☐ Keep your free gift and waitlist running. Your next launch starts now.
